Brintons

The *Kelly Hoppen by Brintons* collection brings the designer's unparalleled eye for trend-leading design to the commercial carpet sector. The result is a distinctive new contemporary aesthetic that completely eschews the typical 'swirl and block' patterns for which the commercial/hospitality sector is traditionally known.

"For me, the luxurious textures and striking patterns of carpets can completely transform a room, so when the opportunity to work with Brintons presented itself, it was an instant yes. I wanted to create something to challenge the typical designs we see in the hospitality space, and I knew that Brintons would produce exactly what I wanted."

Kelly Hoppen MBE

Instead, the dynamic collection consists of 13 geometric and organic designs in on-trend colourways that reflect the designer's award-winning design style and pared-back aesthetic. Kelly Hoppen took inspiration from diverse influences ranging from geometric shapes to elements found in everyday surroundings such as cracks in a pavement and splashes of paint.

"I wanted to do something quite cutting edge and out there compared to what we see at the moment...I think it's different and it's in the forefront of design in terms of commercial carpeting."

Kelly Hoppen MBE

The collection is suitable for a wide variety of commercial applications including hotels, casinos, cruise ships and airports. Each *Kelly Hoppen by Brintons* design is woven to order in the full range of specifications manufactured using Brintons blend of 80% wool and 20% nylon, an innovation developed by Brintons and now considered the global standard of the industry.

“My inspiration behind this modern design was water - the aqua hues and the large pebble-shaped patterns remind me of oversized water droplets and encourage a sense of tranquility.”

“I wanted to create a design that had roots in nature, and this pattern takes influence from the natural grain of wood. The neutral greys, and nod to the outdoors, gives it something of a Nordic feel, and offers a calming, cosy place to unwind.”
